GO_Biological_Process_2021
icosanoid biosynthetic process (GO:0046456)
leukotriene biosynthetic process (GO:0019370)
long-chain fatty acid biosynthetic process (GO:0042759)
lipoxin metabolic process (GO:2001300)
leukocyte chemotaxis involved in inflammatory response (GO:0002232)
leukotriene metabolic process (GO:0006691)
lipoxin biosynthetic process (GO:2001301)
long-chain fatty acid metabolic process (GO:0001676)
fatty acid derivative biosynthetic process (GO:1901570)
